

## BC Pipers' Association

### Notice to Competitors on the Factors Used in the Determinations of Regradings

BCPA implements a "continent grading standard" for solo competitors and a "world grading standard" for bands, as recommended by the Alliance of North American Pipe Band Associations (ANAPBA). This means that solo competitors and bands graded by the BCPA would be determined to be in the correct grade if assessed by other ANAPBA member associations (for solos) or by the Royal Scottish Pipe Band Association (for bands).

At the conclusion of each competition season, the BCPA Grading Committees (Solo and Band) review the results of solo and band competitions at the BCPA sanctioned competitions from the Annual Gathering through to the Pacific Northwest Highland Games and the Performance Ratings of the soloists and bands in those competitions.

For soloists and bands, the Performance Rating values are the adjudicator's assessment of the competitor's performance relative to the adjudicator's expectation for the grade. The Performance Rating categories are: Below Grade Level, Below Grade Expectations, Meets Grade Level, Above Grade Expectations, and Above Grade Level.

The Grading Committees review all these factors and their recommendations for regrading competitors are presented to the BCPA Board of Directors for final approval in September.

In September, solo competitors and bands may request a summary of their previous season's Performance Ratings by emailing [secretary@bcpipers.org](mailto:secretary@bcpipers.org) and including competitor name, grade, instrument (i.e. piper, snare drummer, tenor drummer, band). A Performance Rating summary for a solo competitor/band shows the number of performances rated by the adjudicators in the above five categories.

Solo competitors and bands are encouraged to request their Performance Ratings summary so that when coupled with the results at BCPA sanctioned competitions a more comprehensive picture is presented of the solo competitor/band performances throughout the season.
